

HEAVY EQUIPMENT OPERATORS

Operate heavy construction equipment used for site work and utility installation in an efficient, safe manner.

Responsibilities

- Operate heavy-duty construction equipment for building construction, roadway construction, grading, excavation and utility work.
- Grade and prepare grounds, parking areas and driveways, using motor-graders, dozers, backhoes and front-end loaders.
- Continuously observe work site and equipment to detect and protect against unsafe or hazardous operating conditions.
- Perform minor maintenance on equipment to ensure safe, efficient operation.
- Prepare operational reports on equipment.

Essential skill and experience

- Minimum 2 years' experience operating heavy equipment
- Working knowledge of occupational safety and health rules and regulations.
- Ability to communicate well with supervisors and co-workers.
